BESPOKE

“ Sono cresciuto tra la bellezza di Venezia e l'incanto della sua laguna. A Murano, nella fornace di famiglia, ho imparato ad amare il vetro, materia delicata e potente; nel mio percorso imprenditoriale, ho esplorato e compreso l'importanza della luce per il benessere dell'uomo. La mia filosofia di progetto si fonda su tre capisaldi: l'influenza della bellezza culturale e naturale italiana, che da sempre ispira il nostro design; il rispetto per il genio artigiano, una millenaria pratica del "saper fare" che il mondo ci invidia; e la curiosità inesauribile per le opportunità offerte da materiali e tecnologie d'avanguardia. Dalla sintesi di questi temi nascono tutti i miei progetti: il nuovo catalogo "Luce 2020-2021" raccoglie in un unico volume le collezioni di illuminazione AiLati e Zafferano Bespoke, ciascuna contraddistinta dalla propria identità, ma accomunate dal costante impegno a creare prodotti funzionali e dalla valenza estetica senza tempo. ”

“ I grew up amid the beauty of Venice and its enchanting lagoon. On the island of Murano, at the family-run glassworks, I learned to love glass, a delicate and powerful material. Throughout my business career, I have explored and understood the importance of light for human well-being. My design philosophy is based on three cornerstones: the influence of Italian cultural and natural beauty, which has always inspired our design; respect for artisan talent, age-old know-how envied by the rest of the world; and the endless curiosity in pursuing the opportunities offered by cutting-edge materials and technologies. A combination of these factors has given rise to all my projects: in a single publication, the new "Luce 2020-2021" catalogue brings together AiLati and Zafferano Bespoke lighting collections, each one with its own identity yet united by the constant commitment to create functional products with timeless aesthetic appeal. ”

AI
LIGHTS
LATI

AiLati è il marchio di Zafferano dedicato all'illuminazione d'interni e da esterni, connotato da una specializzazione in ambito decorativo e tecnico.

I prodotti si distinguono per i colori neutri e le linee geometriche, pulite e minimaliste, rese principalmente attraverso il vetro opale, combinato ad altri materiali di alta qualità. La progettazione prevede avanzati standard tecnologici: l'adozione di sorgenti luminose a LED di nuova generazione; lo studio di sistemi semplici e veloci di assemblaggio e fissaggio; l'uso di materiali durevoli; alti indici di protezione. Sono tutti elementi che contribuiscono a migliorare l'efficienza dei corpi illuminanti, aumentare la durata e la qualità della luce e ottimizzare la reale economia di gestione, soprattutto quando gli apparecchi sono installati in grandi quantità.

Il contract è dunque la vocazione naturale di questi modelli, anche stilisticamente di immediato inserimento in ambienti diversi: dagli spazi privati a quelli pubblici, dai luoghi dedicati all'accoglienza, al retail e agli uffici.

AiLati is the Zafferano brand dedicated to indoor and outdoor lighting, specialised in decorative and technical lighting solutions.

AiLati products stand out for their neutral colours and minimalist, clean-cut geometric lines, mainly achieved with opal glass combined with other high-quality materials. Their design involves state-of-the-art technological standards: the use of new generation LED light sources; research into quick and simple assembly and fixing systems; the use of long-lasting materials; and high IP ratings. All these features play an important role in improving the efficiency of luminaires, increasing the life and quality of light while optimising operating costs, especially when large-scale lighting systems are installed.

The contract-furnishing sector is therefore the natural choice for these luminaires, which can be stylistically incorporated in a variety of contexts: from private and public spaces to places such as hospitality facilities, retail spaces and offices.

zafferano

BESPOKE

Zafferano Bespoke è la divisione dedicata all'illuminazione decorativa per interni, pensata per la realizzazione di progetti su misura.

Le collezioni a catalogo - originali, colorate e dotate di forte personalità - sono accomunate dalla possibilità di personalizzazione e dalla componibilità, che consentono innumerevoli soluzioni creative nella progettazione di piccole e grandi installazioni. Ogni dettaglio, dalle varianti cromatiche alle finiture dei metalli, può essere adattato e modulato in base alle esigenze funzionali e di gusto, per creare infinite varianti di forma e distribuzione.

Per queste peculiarità, le collezioni Zafferano Bespoke permettono di creare ambientazioni di forte carattere esclusivo ed emozionale, attraverso seducenti effetti decorativi di luce e colore, e trovano il loro perfetto inserimento nelle forniture speciali per hotel e grandi spazi.

Zafferano Bespoke is the division dedicated to interior decor lighting, specifically focused on creating tailor-made projects.

The catalogue collections - original, colourful and with a great personality - can all be customised and include modular elements, allowing a multitude of creative solutions for designing small - and large - scale lighting installations. All details, from colour options to metal finishes, can be adapted and shaped to suit functional needs and tastes, thus creating endless variations in shape and composition.

Thanks to these special features, Zafferano-Bespoke collections allow distinctly exclusive and striking interiors to be created, with eye-catching decorative effects of light and colour. They can be perfectly incorporated in customised lighting projects for hotels and large spaces.

DADO

DADO

Lampade da parete-soffitto e da tavolo con struttura in metallo cromato oppure verniciato bianco opaco e diffusore in vetro triplex opale satinato soffiato a bocca.

La collezione Dado ha un particolare sistema di fissaggio del vetro a magneti che velocizza le installazioni e semplifica le operazioni di manutenzione.

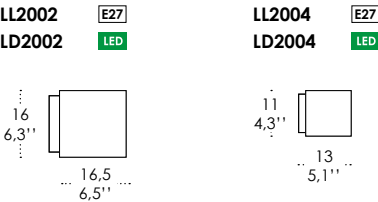

Il prodotto è adatto esclusivamente all'uso interno.

Wall-ceiling and table lamps with chromed or matt white painted metal frame; diffuser in mouth-blown, satin-finish opal triplex glass.

The Dado collection features a special magnet fixing system for the glass component: this system simplifies and speeds up the installation and is highly practical when standard maintenance is required.

The product is suitable for indoor use only.

Attacco a baionetta
Twist-lock coupling

Lampade da parete-soffitto con diffusore in vetro triplex opale satinato soffiato a bocca, e struttura in policarbonato anti UV traslucido neutro resistente al cloro e bordato in metallo cromato o verniciato bianco opaco. Chiusura del vetro a baionetta. Il prodotto è adatto esclusivamente all'uso interno; il grado di protezione IP44 lo rende particolarmente indicato per piscine e ambienti umidi in genere.

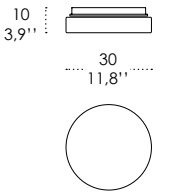

Wall-ceiling lamps with diffuser in mouth-blown, satin-finish opal triplex glass; chlorine-resistant, anti-UV, neutral translucent polycarbonate frame, with chrome or matt white painted metal parts. Twist-lock coupling system for the glass component. The product is suitable for indoor use only. The IP44 rating makes it ideal for use in swimming pools and humid environments in general.

SEVENTIES

DESIGN_Federico de Majo

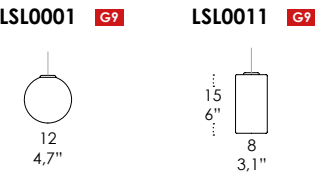

SEVENTIES

Lampade da parete, da soffitto e a sospensione.
Diffusore in vetro trasparente, soffiato a bocca con decorazione a rilievo "optical", disponibile in due forme: sfera e cilindro; struttura in metallo con finitura ottone brunito spazzolato e cavi trasparenti.
Seventies è progettato per essere altamente personalizzabile: è possibile infatti associare, a ciascuna delle sei montature disponibili, le forme di diffusori preferite, anche combinate tra loro.

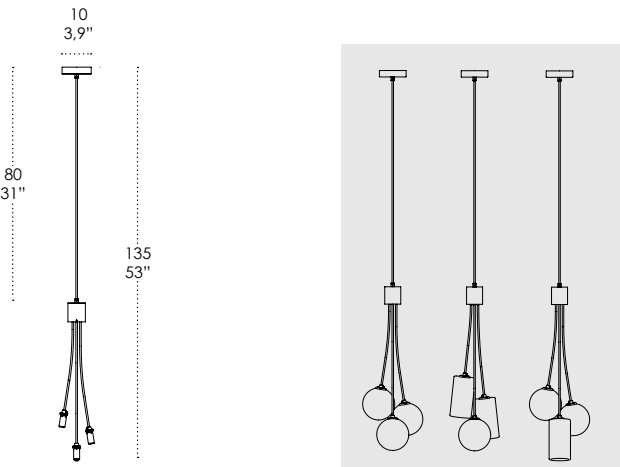

Wall, ceiling and suspension lamps.
The clear glass diffuser, mouth blown with a "bubbling" relief decoration that creates a unique optical effect, is available in two shapes: sphere and cylinder; brushed burnished brass finish metal frame and clear plastic cables.
Seventies is a luminaire designed to be highly customisable: each of the six fixtures available can be matched with any chosen shapes of diffusers, which can also be combined.

Oggetto luminoso con diffusore in vetro di Murano soffiato a bocca, lavorato a mano con tecniche decorative tipiche muranesi. Struttura in metallo cromato e cavi in tessuto blu o rosso. Luce Liquida è una collezione di vasi "contenitori di luce": creazioni luminose che danno forma alle trasparenze del vetro lavorato in fornace dagli abili gesti dei maestri vetrai. Prodotto personalizzabile.

Luminous object, with diffuser made of mouth-blown Murano glass, handcrafted with traditional decorative techniques. Chromed metal frame, blue or red fabric cables. Luce Liquida is a collection of vases that become "containers for light", luminous creations that give shape to the glass transparencies, crafted in a furnace by the hands of skilled master glassblowers. Customizable product.

MARIPOSA

DESIGN_Federico de Majo

LMR0104

LMR0109

MARIPOSA

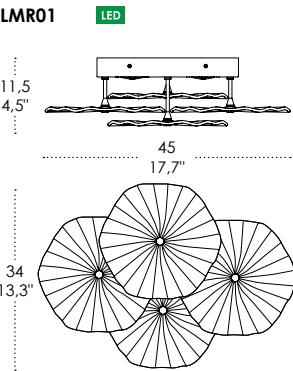

Lampade da parete-soffitto con diffusore in vetro in piastra lavorato a mano in diversi colori. La variante con diffusore quadrato è realizzata a mano in vetro artistico di Murano. Struttura in metallo verniciato grigio con dettagli cromati. Mariposa è un prodotto personalizzabile, per colori e finiture, pensato anche per un uso modulare.

Wall-ceiling lamps with handcrafted plate glass diffuser, available in various colours. The version with squared diffuser is handcrafted in traditional Murano glass. Grey painted metal frame with chromed details. Mariposa is a customizable product, both in colours and finishes, designed also for modular use.
