UNIQUE

Oliver B. è un'azienda italiana che nasce nel 1999 dalla collaborazione fra la famiglia Segala e Oliver Bucher. Si trova a Verona, la città di Romeo e Giulietta e delle architetture che incantano il mondo, ma anche di tante storie imprenditoriali sorprendenti. Oggi Oliver B. esporta in tutto il mondo mobili e arredi che si posizionano in una zona di confine fra alta qualità e segmento del lusso. Pur essendo fortemente radicata nel territorio e nella tradizione industriale italiana, ha saputo trasformarsi in un brand amato e apprezzato in tutto il mondo. Madie, credenze, tavoli, librerie, sedie, poltrone, divani, letti... non è difficile riconoscere i prodotti Oliver B.: emanano un fascino complesso, fatto di sapere antico e cura assoluta del dettaglio, ma anche di ricerca sui materiali e sui nuovi paradigmi dello stile.

Oliver B. is an Italian company established in 1999 as a partnership between the Segala family and Oliver Bucher. Situated in the beautiful city of Verona, the home of Romeo and Juliet, known for its enchanting architecture but also for being home to many amazing entrepreneurial stories. With its roots anchored deeply in a region famous for its industrial tradition, Oliver B. is positioned precisely between high quality and luxury furniture and has grown steadily to be appreciated worldwide. Whether it be our tables, sideboards, bookcases, cupboards, chairs, armchairs, couches, or beds, Oliver B.'s craftsmanship has come to be recognized by the innovative style that is guided by the truest attention to detail to some of the finest, as well as newest materials.

PASSIONATE

È una questione di cuore. Oliver B. è passione per il legno allo stato puro. Il legno. Questo materiale saggio, intramontabile, sensibile, forte, naturale, con cui dall'alba dell'umanità si fanno ponti e tetti delle case, travi portanti e attrezzi da lavoro, strumenti musicali e sculture.

Il legno richiede un amore sincero per essere scelto, capito, interpretato. E uno sconfinato bagaglio di competenze tecniche per poterlo lavorare. Si inizia con un controllo accurato sulle fasi di essiccazione, e si finisce con la cura scrupolosa dei processi di lucidatura. Amore vuol dire non accettare facilmente i compromessi. Ed è anche per questo che i mobili Oliver B. rappresentano un valore certo nel tempo: perché portano con sé una storia di rigore e cura del dettaglio costruttivo che non sono in molti, oggi, a poter eguagliare.

Pure admiration for wood in its most natural form. This is what drives us to craft work imbued with passion. Passion that comes straight from the heart. Wood has been used since the dawn of humanity to build bridges, buildings and tools. It is a timeless material, ingrained with nature's wisdom, sensitivity and strength. Therefore, we feel it requires a genuine human sensitivity to appreciate wood and a lifelong dedication to master the skill needed to select, interpret and fashion it. Our method begins with a precise control on the drying phases and finishes with meticulous care in the varnishing. Oliver B. furniture represents an uncompromising attention to detail, with each piece embodying a story of patient effort and rigorous craftsmanship. The result is a timeless creation that holds its value.

PRECIOUS

Il legno è un pianeta popolato da tante individualità, ciascuna con le sue affinità, la sua empatia e il suo potente alfabeto sensoriale. Oliver B. lavora solo legni pregiati. Come il noce americano, il cui tronco alto, diritto e maestoso arriva ai cinquanta metri d'altezza. O il noce sbiancato, così agile e contemporaneo, capace di dialogare con altri materiali. O come il rovere, campione di durezza per definizione, che acquista molto con la stagionatura, resiste agli urti, alla curvatura e agli agenti atmosferici e per questo viene impiegato nella costruzione di imbarcazioni e botti per il vino. O il rovere selvaggio, ancora più ricercato, che sta al rovere come il giardino all'inglese sta al giardino all'italiana. Amare il legno vuol dire rispettarlo e garantire lavorazioni che lasciano intatte le sue caratteristiche all'origine.

Wood has such a rich diversity, that each species has its own affinities and unique sense of being, qualities that we strive to reveal in our work. We are dedicated to incorporating some of the finest wood into our designs. Woods such as American Walnut, whose straight and majestic trunk can reach up to fifty meters, and washed Walnut famous for its agile and contemporary finish that blends easily with other materials. Or Oak, the king of durability that when aged can resist bumps, bends and harsh weather, qualities that made it so desirable for shipbuilding and barrel making. We even work with Wild Oak, which is highlyprized for its rustic and untamed beauty. Our love and respect for the wood that we use is visible in the innate subtleties of each variety of tree that remains long after our work is done.

ITALIAN

Nell'industria del mobile, Italia è sinonimo di eccellenza, design e tecnologia. Un primato che nessuno fino ad oggi è riuscito a intaccare. Alla base del modello italiano c'è la capacità di far convergere piani diversi: il saper fare e il savoir vivre, l'arte e la tecnica, il cuore e la mente, l'aspirazione alla bellezza e la sostenibilità economica. In breve, c'è la capacità di immaginare e di generare armonia. La produzione Oliver B. è tutto tranne che statica. Ci sono alcuni prodotti evergreen che connotano il catalogo, e poi ci sono un gran numero di prodotti in continuo affinamento. Per dare un'idea dell'impegno nella ricerca di prodotto, su circa 150 prototipi realizzati ogni anno, 20-30 vanno in produzione. I prodotti sono classificati per tipologia del legno, a rimarcare l'importanza che il marchio attribuisce alla materia prima. La produzione è organizzata in due cataloghi: Casa e Wild. Casa si rivolge a un segmento che si può definire lusso entry level. Wild si apre a una comunità di persone più ampia e con una leggera inclinazione a esplorare territori nuovi.

It brings us great pride that in the furniture industry, Italy is synonymous with excellence in design and technology. Uncontested in its preeminence, the Italian model is known for its ability to seamlessly merge different aspects: knowhow and savoir vivre, art and technique, body and mind, aspiring to beauty and economical sustainability or, in other words, the capacity to imagine and create harmony. Oliver B.'s product range is anything but static.

While there are some timeless products in the collection, a large number of items are in a state of continuous refinement. To give an idea of the commitment to product research, from more than 150 prototypes created each year, only 20 to 30 go into production. Each product is classified by type of material in order to put emphasis on the importance that the brand grants to raw materials. Oliver B.'s collection is organized in two different catalogs: Casa and Wild. Casa aims for a segment that can be defined as luxury entry level, while Wild is caters to a wider public with a tendency to explore new trends.
