infiniti

IT - infiniti progetta e produce complementi d'arredo caratterizzati da design contemporaneo e innovazione tecnologica. Nato nel 2008 il brand fa parte del gruppo industriale OMP Group, che dal 1983 progetta e produce componenti metallici per la casa e il mondo del contract.

Inizialmente orientato alla creazione di prodotti per il mercato domestico, con il passare del tempo il brand allarga il raggio d'azione all'ambito corporativo e Horeca, grazie alla grande forza produttiva del Gruppo di cui fa parte, che si esprime in centinaia di prodotti a catalogo e in infinite possibilità di personalizzazione dei progetti.

Dalla casa madre infiniti eredita, infatti, anche la capacità di tessere relazioni con general contractor, architetti e interior designer per dare forma a qualsiasi tipo di realizzazione dall'ambito residenziale al corporate, dall'hospitality alla ristorazione, senza dimenticare luoghi pubblici come aeroporti, stazioni e centri commerciali, ma anche enti educativi, culturali e istituzionali.

WHO WE ARE

EN - infiniti designs and produces furniture accessories characterized by contemporary design and technological innovation. Founded in 2008, the brand is part of the OMP Group, an industrial group that has been designing and manufacturing metal components for the home and contract sector since 1983.

Initially focused on creating products for the domestic market, over time the brand has expanded its scope to include corporate and Horeca (Hotel, Restaurant, Catering) sectors, thanks to the significant production strength of the Group it belongs to. This is reflected in hundreds of catalog products and countless customization options for projects.

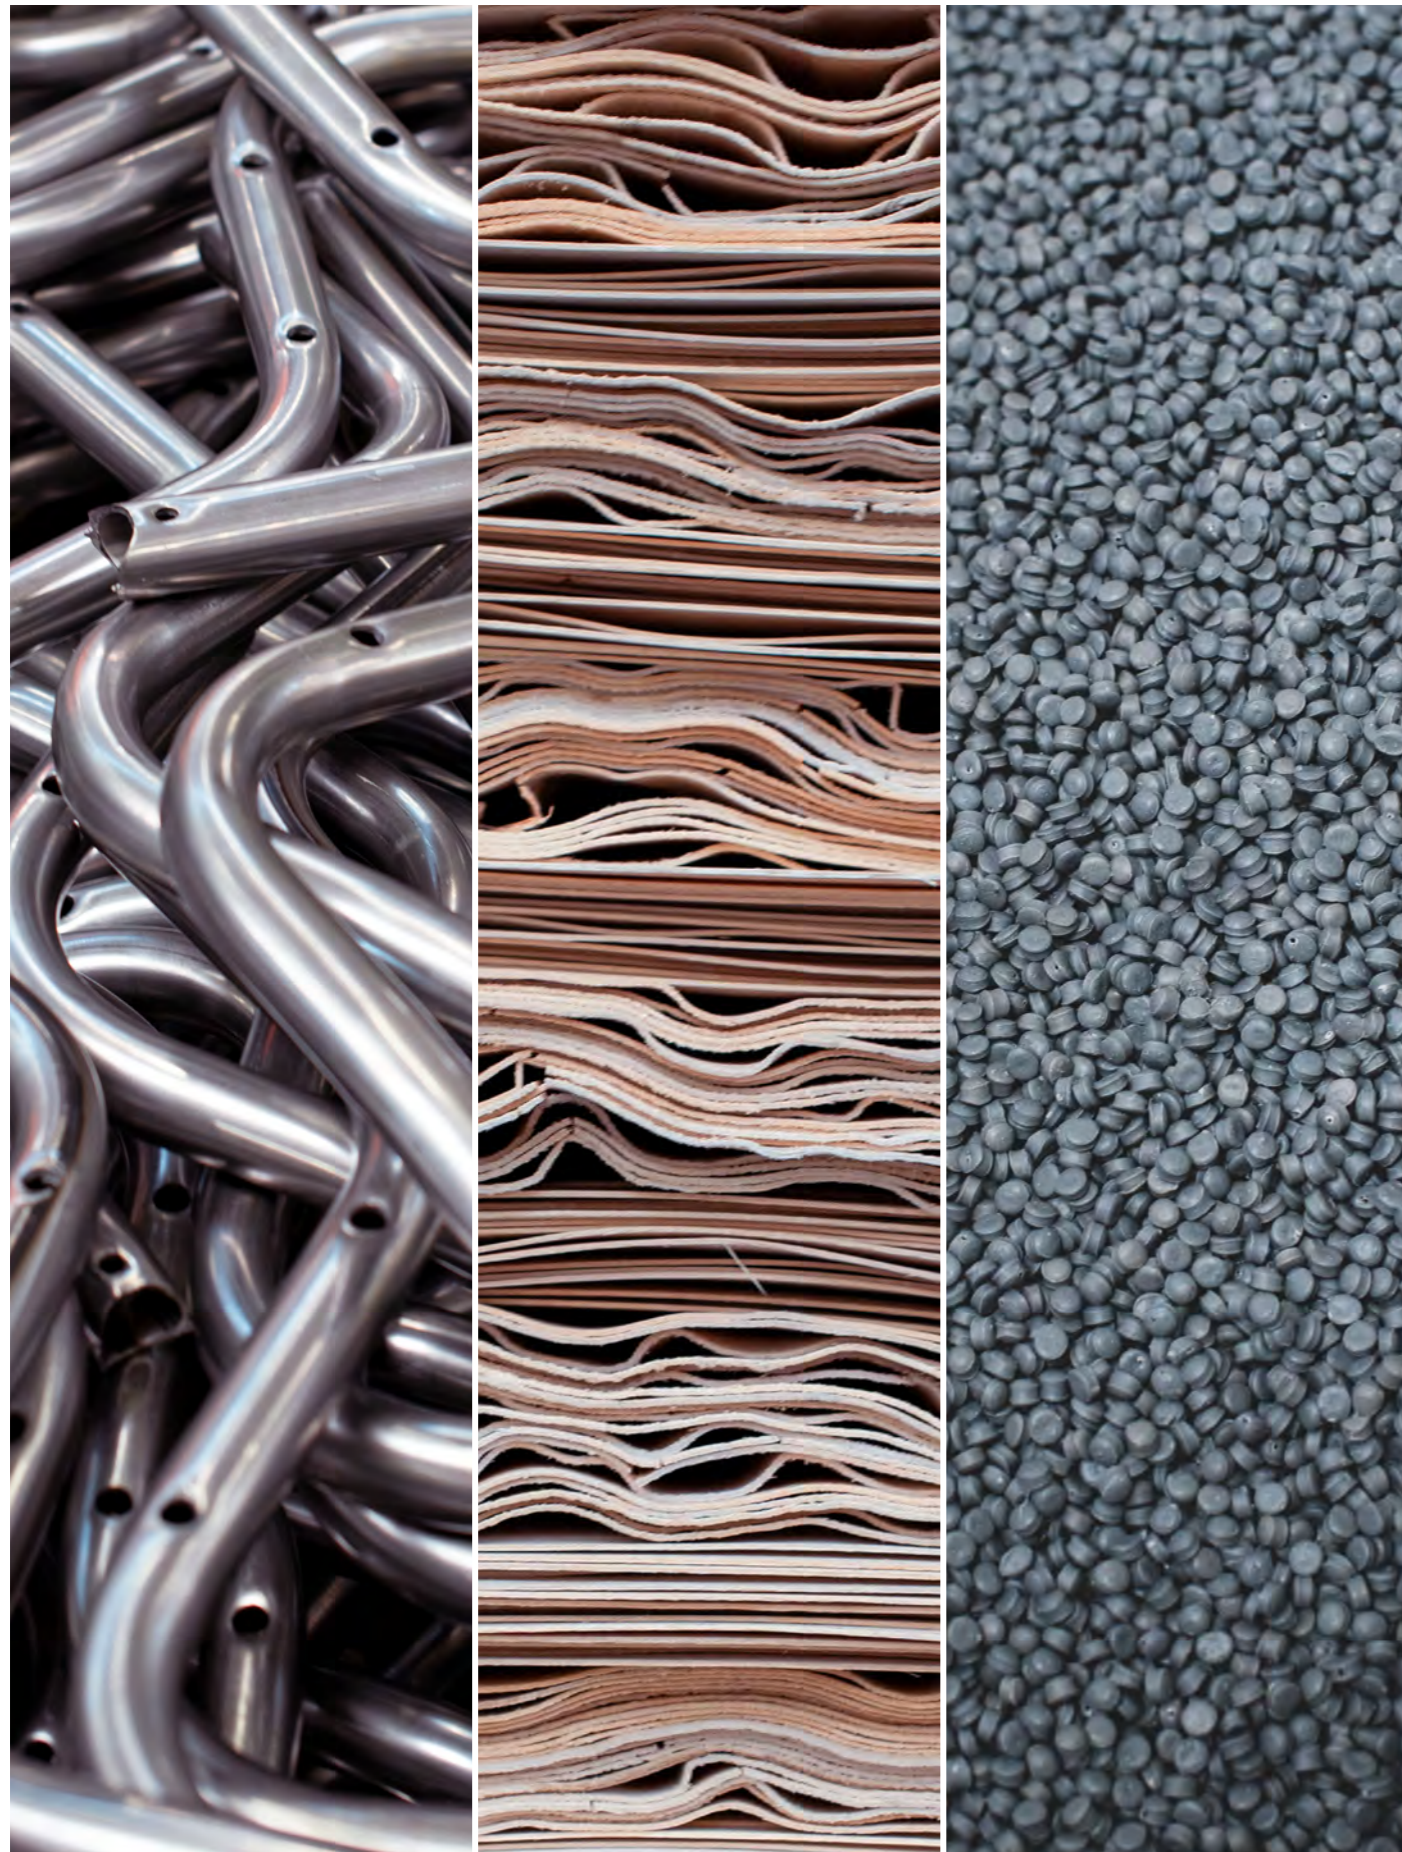

From its parent company, infiniti also inherits the ability to build relationships with general contractors, architects, and interior designers to shape any type of project, from residential to corporate, hospitality to dining, and even public spaces such as airports, train stations, and shopping centers, as well as educational, cultural, and institutional entities.

IT - Gli headquarter di infiniti si trovano in Italia, nel cuore dell'operoso Nord Est, a Castello di Godego. Vicino alla sede si trovano città ricche di storia come Venezia, Padova, Bassano del Grappa, Treviso.

EN - infiniti's headquarter are located in Italy, in the heart of the industrious North East, in Castello di Godego. Close to the headquarter are cities rich in history such as Venice, Padua, Bassano del Grappa and Treviso.

[6]

IT - Ferro, plastica e legno sono i tre capisaldi della materioteca infiniti e tutte le lavorazioni avvengono all'interno dei reparti produttivi aziendali. Il legno curvato è tra i miglior know how del brand, così come la produzione di ferro e plastica che vengono lavorati in loco. È grazie a questa grande potenza produttiva che infiniti può offrire un'ampiezza di gamma che consente di andare incontro a qualsiasi esigenza di personalizzazione o quantità.

EN - Metal, plastic, and wood are the three core materials in infiniti's material library, and all processing takes place within the company's production departments. 3D curved wood is one of the brand's greatest areas of expertise, as is the production of metal and plastic, which are all processed on-site. It is thanks to this substantial production capacity that infiniti can offer a wide range of products to meet any customization or quantity requirements.

COLLECTIONS

IT - La collezione infiniti propone un'ampia selezione di sedute e tavoli pensati per ambienti corporate, sia indoor che outdoor. Dalle sedie alle panche, dagli sgabelli ai sistemi modulari, ogni prodotto è progettato per rispondere in modo efficiente e coerente alle esigenze di contesti diversi. Soluzioni versatili, caratterizzate da un equilibrio tra estetica e funzionalità, capaci di adattarsi a scenari semplici o complessi con la stessa naturale armonia.

EN - The infiniti collection offers a wide selection of seating and tables designed for corporate environments, both indoor and outdoor. From chairs to benches, from stools to modular units, each product is designed to respond efficiently and consistently to the needs of different contexts.

Versatile solutions, characterized by a balance between aesthetics and functionality, capable of adapting to simple or complex scenarios with the same natural harmony.

SEATING

HERI- TAGGE

CANOVA

[CHAIR]

Design: Claus Breinholt

IT - Canova reinterpreta l'eleganza delle sedie in legno con un linguaggio contemporaneo. La sua silhouette morbida richiama il passato, ma sorprende per la leggerezza del polipropilene colorato. Un monoblocco accogliente, arricchito da un cuscino imbottito o da un pannello in legno che ne esalta la matericità. La versione sgabello amplia le possibilità compositive, creando abbinamenti armoniosi tra forme e colori.

EN - Canova reinterprets the elegance of wood chairs with a modern twist. Its rounded shape is reminiscent of the past, but it is surprisingly light thanks to the use of polypropylene in different colours. An inviting mono-block shell is made more comfortable with a padded cushion or a wood panel, adding to the feel of the natural materials. The stool version increases the number of ways it can be arranged, making it possible to create coordinated colour and shape combinations.

SINUO- SITY

[24]

TONDINA

[CHAIR]

Design: Favaretto&Partners

IT - Tondina è una collezione trasversale, dove linee morbide incontrano materiali diversi per adattarsi a ogni ambiente. Tondina Pop ha una scocca in polipropilene colorato, mentre Slim reinterpreta l'intreccio anni '50 con una trama traforata ideale per l'outdoor. Tondina Fat, imbottita e accogliente, offre un comfort avvolgente, mentre la versione in legno, la prima della famiglia, esalta le venature naturali e si declina in sedia, sgabello e Lounge. Le varianti in legno e Pop possono essere tappezzate, aggiungendo un ulteriore livello di personalizzazione.

EN - A wide-ranging collection, Tondina fuses soft lines with different materials for use in any environment. Tondina Pop features a coloured polypropylene shell, while Slim revisits the open weave typical of the 1950s, making it ideal for outdoor use. Tondina Fat, upholstered and cosy, offers all-enveloping comfort, while the wood version, the forerunner of the range, exalts its natural grain and is available as a chair, stool and Lounge chair. The wood and Pop options can be upholstered, for a more personal touch.

ELE- GANCE

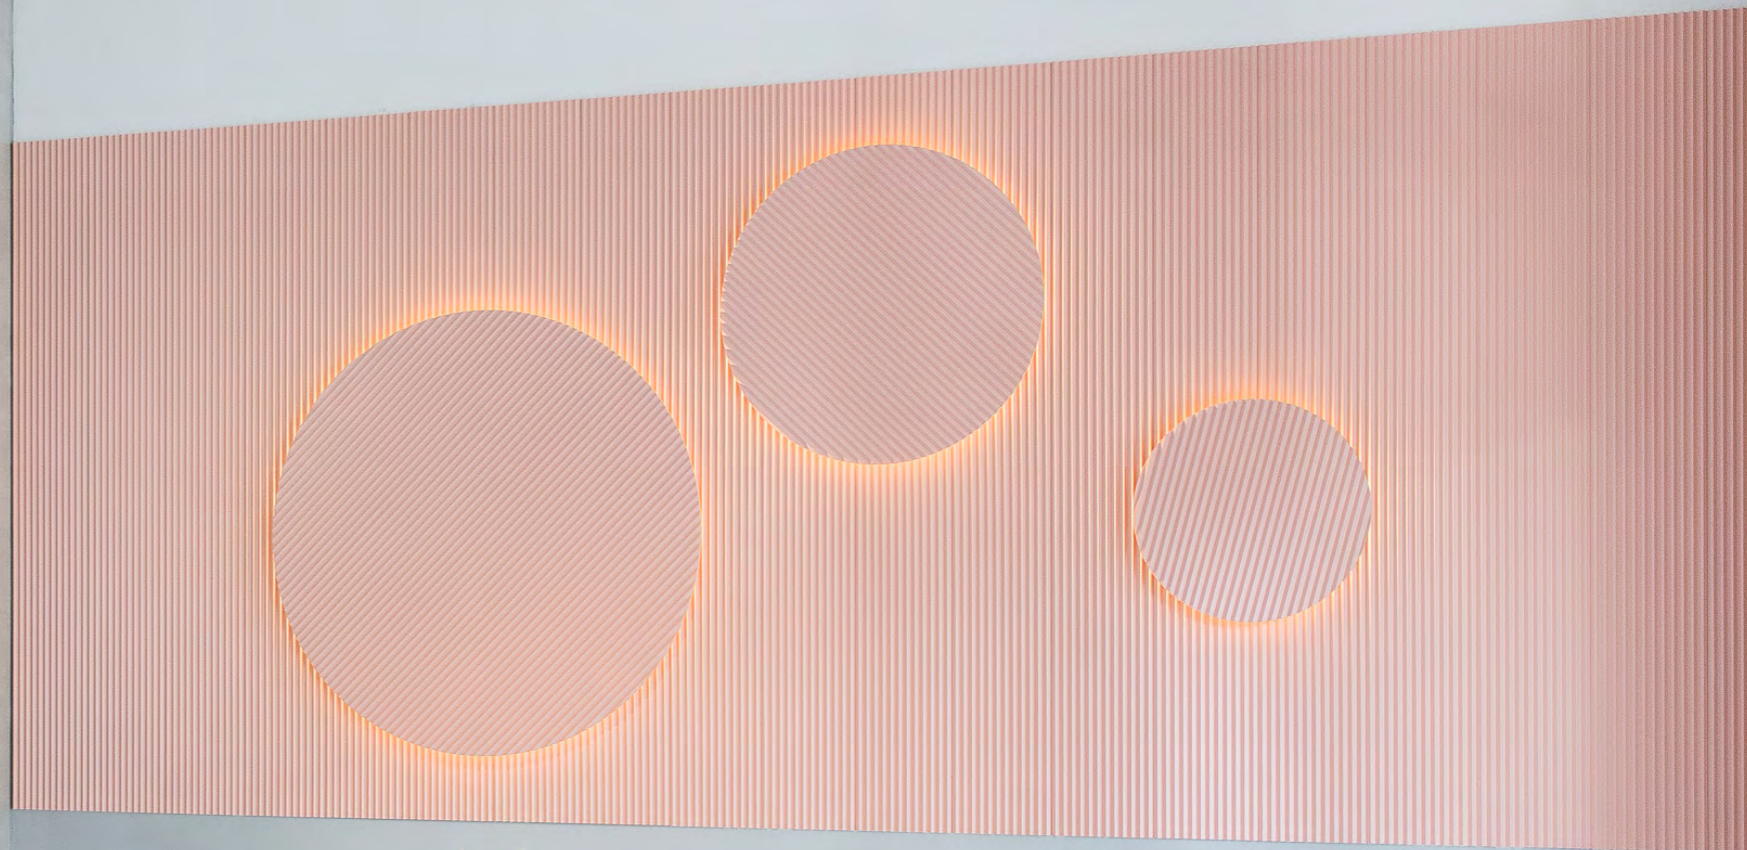

FELUCA

[CHAIR]

Design: BrogliatoTraverso

IT - Feluca riprende la silhouette elegante dell'omonimo copricapo del XVIII secolo, con uno schienale curvato che dona movimento e raffinatezza alla struttura, mentre il telaio ellittico valorizza il design distintivo della collezione. Feluca Pop reinterpreta la seduta in polipropilene ed è ideale anche per l'outdoor, mentre Feluca Organic unisce la scocca in plastica alla naturalezza del legno. Disponibile in versione sedia e sgabello, si veste di abbinamenti tono su tono o contrasti cromatici che ne esaltano la versatilità.

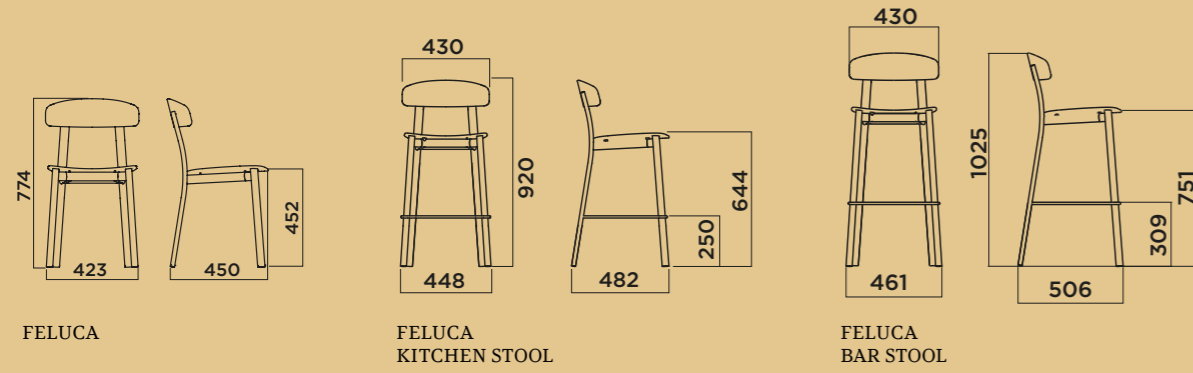

EN - Feluca is inspired by the elegant silhouette of the eighteenth-century headdress bearing the same name ("becorn hat" in English), with a curved back that imbues the structure with movement and refinement, while the elliptical frame accentuates the collection's signature design. Feluca Pop reinterprets the polypropylene chair and is suitable for outdoor use, while Feluca Organic combines a plastic frame with the appeal of natural wood. Available in chair and stool versions, it can be combined in tone-on-tone or contrasting colours for maximum versatility.

REMINI- SCENCE

SKOL

[CHAIR]

Design: Needs Studio

IT - C'è qualcosa di familiare in Skol, un'eco di ricordi che affiora nelle sue linee essenziali e senza tempo. La struttura in tubo d'acciaio, sottile ma solida, sorregge con grazia seduta e schienale in multistrato di rovere o, nella versione in polipropilene, perfetta anche per l'outdoor. Morbida nelle forme e rigorosa nei dettagli, unisce influenze retrò e spirito contemporaneo. Con o senza braccioli, si adatta con naturalezza a caffetterie, bistrot, spazi di lavoro e luoghi di incontro.

EN - With its clean, timeless design, something about Skol rekindles memories of simpler times. The slender yet sturdy steel tube frame gracefully supports the seat and backrest in oak plywood or in a polypropylene version, ideal for outdoor use. Featuring soft lines and attention to detail, it combines retro flair with a contemporary soul. With or without armrests, it easily adapts to cafés, bistros, workspaces and meeting places.

TAKUMI

[CHAIR]

Design: Studio Dessì

IT - L'incontro tra industria e artigianato dà vita a Takumi, una collezione che unisce minimalismo e dettagli che rimandano ad epoche passate. I tubi in acciaio si intrecciano come in un'illusione ottica, sostenendo morbide parti imbottite, smontabili e rinnovabili. Con o senza braccioli, questa seduta è perfetta per spazi Horeca e ambienti più intimi, giocando con colori e tessuti per creare combinazioni sofisticate o più audaci.

EN - Industry and craftsmanship come together in Takumi, a collection that incorporates minimalism and details harking back to past eras. The steel tubes intertwine together like in an optical illusion, supporting soft padded elements that can be removed and replaced. With or without armrests, this chair is perfect for both Ho.Re.Ca spaces and more intimate surroundings, combining colours and fabrics to create sophisticated or more daring combinations.

RUELLE

[CHAIR]

Design: Philippe Tabet

IT - Ruelle racchiude il fascino senza tempo dei bistrot francesi in una seduta leggera e raffinata. Il telaio in alluminio unisce resistenza ed eleganza con un design essenziale. La versione classica ha uno schienale in legno che dona calore, mentre Veranda, pensata per l'outdoor, presenta uno schienale in plastica e fori per il drenaggio. Entrambe possono essere arricchite con un pannello tappezzato, rendendola una scelta versatile per caffè, ristoranti e spazi horeca.

EN - Ruelle captures the timeless charm of French bistros in a lightweight and refined chair. The aluminium frame fuses strength and elegance with a sleek design. The classic version has a wood backrest that imparts a feeling of warmth, while Veranda, designed for outdoor use, has a plastic backrest and small holes for water drainage. Both can be customised with a fabric-covered panel, which makes them a versatile choice for cafés, restaurants and other hospitality venues.

LIGHT- NESS

GT01

[CHAIR]

Design: Gio Tiroto

IT - Leggera, magnetica, perfettamente bilanciata: GT01 è una sedia di puro design, nata per progetti dinamici. Con un peso di soli 3,5 kg, abbina un telaio in alluminio a una seduta ergonomica in multistrato di rovere, entrambi disassemblabili e ripristinabili. Impilabile e facilmente trasportabile grazie all'apposito carrello, è unione ideale tra estetica e funzionalità per ristoranti, coworking e sale conferenze.

EN - A lightweight, irresistible and perfectly balanced chair: GT01 is a masterpiece of design, created for constantly changing projects. Weighing only 3.5 kg, it features an aluminium frame and an ergonomic seat in oak plywood, both of which can be disassembled and re-assembled. Stackable and easily transportable thanks to a trolley for that purpose, it is an ideal combination of aesthetics and functionality for restaurants, co-working and conference rooms.

LOOP MONO [CHAIR]

Design: Claus Breinholt

IT - Loop Mono è un'icona contemporanea, riconoscibile per la sua silhouette armoniosa. La scocca in polipropilene, sottile e leggera, mantiene l'inconfondibile curvatura che ne ha decretato il successo. Braccioli ergonomici e un'ampia scelta di basi e finiture permettono infinite combinazioni, dal tono su tono ai contrasti materici. Un equilibrio perfetto tra comfort, stile e versatilità.

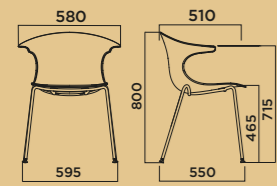

EN - Loop Mono is a contemporary icon, easily recognisable due to its graceful silhouette. The slim, lightweight polypropylene shell retains the unmistakable curves that have made it so popular. Ergonomic armrests and a variety of bases and finishes offer endless combinations, from tone-on-tone options to textural contrasts. Loop Mono is the ideal balance of comfort, style and versatility.

ICONI- CITY

LOOP 3D WOOD [CHAIR]

Design: Claus Breinholt

IT - Un'icona senza tempo, la prima scocca monoblocco al mondo con braccioli in legno curvato 3D. Loop 3D Wood è pura armonia: linee fluide e scolpite, levigate come i flutti del mare, danno vita a una seduta dall'eleganza scultorea. Abbinata a un'ampia gamma di basi, arreda con carattere ogni ambiente, rimanendo sempre attuale, sempre riconoscibile.

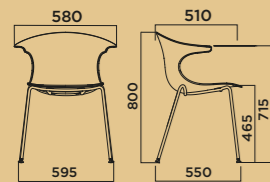

EN - A timeless icon, this chair is the world's first mono-block body with 3D curved wood armrests. Loop 3D Wood is the essence of harmony: fluid and sculpted lines, smooth as the rolling waves of the sea, bring to life a chair exuding sculptural elegance. Available in a wide range of bases, it brings character to any room, never going out of fashion and always recognisable.

RELIEF

[CHAIR]

Design: Favaretto&Partners

IT - Relief è comfort che prende forma, una monoscocca leggera dal profilo avvolgente. Il rilievo su seduta e schienale ricrea l'effetto di due cuscini virtuali, aggiungendo morbidezza e carattere. Versatile e adattabile, si abbina a diverse basi e trova posto in spazi operativi, ambienti contract e hospitality. Tre versioni di seduta disponibili - in plastica, con seduta imbottita o completamente rivestita - per un perfetto equilibrio tra estetica e funzionalità.

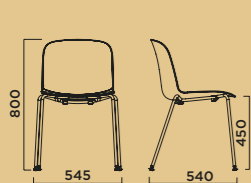

EN - Relief embodies comfort in a lightweight one-piece shell with an enveloping silhouette. The raised surface on the seat and backrest recreates the appearance of two virtual cushions, adding softness and individuality. Versatile and easily adaptable, it can be combined with different bases and fits into workspaces, contract settings and hospitality environments. Three seating versions are available - in plastic, with upholstered seat or fully upholstered - providing the perfect balance between aesthetics and functionality.

[124]

SEAME

[CHAIR]

Design: Klaus Nolting

IT - Seame è un connubio di leggerezza e solidità, un pezzo che sembra scolpito da un unico blocco di legno. Le venature sottili ne esaltano la sinuosità, mentre i bordi bombati e in rilievo ne definiscono la forma con armonia. Disponibile anche con braccioli, la struttura conferisce stile e praticità: senza intaccarne il fascino senza tempo.

EN - Seame combines lightness and sturdiness, giving the impression of being carved from a single block of wood. The subtle veined pattern of the wood accentuates its sinuous shape, while the rounded and raised edges complete the design to perfection. Also available with armrests, the chair's structure is both stylish and practical, without detracting from its timeless charm.

WOOD STOCK

[CHAIR]

Design: Kai Stania

IT - Woodstock celebra la purezza del legno con linee morbide e un design leggero, ma solido. Realizzata in multistrato di rovere, è pensata per essere impilata con facilità, mantenendo un profilo unico. Il linking device opzionale permette di unirla in file compatte, trasformandola nella soluzione perfetta per spazi condivisi e sale conferenze. Naturale, versatile e funzionale, Woodstock porta calore e armonia in ogni ambiente.

EN - Woodstock glorifies the purity of wood with soft lines and a light yet solid design. Made of oak plywood, it is designed to be easily stacked, while preserving its unique shape. The optional linking attachment makes it possible to combine them into compact rows, making it the perfect solution for communal spaces and conference rooms. With its natural, versatile and functional appearance, Woodstock creates a warm and harmonious vibe in any environment.

SETTE SUSETTE [CHAIR]

Design: BrogliatoTraverso

IT - Settesusette nasce dall'incontro tra materiali opposti che si armonizzano con naturalezza: il calore del legno e la modernità del polipropilene si fondono in una struttura continua ed elegante. Il design pulito rivela il suo carattere nel retro, dove l'unione dei materiali diventa un segno distintivo. Versatile e raffinata, si inserisce con disinvoltura in spazi domestici e contract, valorizzando ogni ambiente con combinazioni cromatiche sofisticate.

EN - Settesusette originated from effortlessly merging different materials: the warmth of wood and the modernity of polypropylene fuse together creating a fluid and elegant product. The sleek design has a distinctive retro feature on the back, where the combination of materials gives it a unique look. Both versatile and stylish, it fits easily into both domestic and contract environments, embellishing any space with sophisticated colour combinations.

MOVE- MENT

[156]

ROUND & ROUND [STOOL]

Design: Oleg Pugachev

IT - Round&Round unisce purezza delle forme e funzionalità con dettagli sorprendenti. La seduta, in plastica o legno, è disponibile anche imbottita per un comfort maggiore. Nella versione girevole, un meccanismo invisibile aggiunge dinamicità senza alterare l'armonia. La struttura in acciaio verniciato, sottile ma solida, completa un complemento raffinato e versatile, perfetto per qualsiasi spazio.

EN - Round&Round fuses pure lines and functionality with striking details. The plastic or wood seat is also available with cushioning for greater comfort. The swivel version has an invisible mechanism that allows it to rotate without altering its graceful appearance. The slender albeit solid painted steel structure forms a refined and versatile item of furniture, ideal for any space.

ROUND & ROLL [STOOL]

Design: Oleg Pugachev

IT - Round&Roll è uno sgabello compatto e versatile, progettato per accompagnare il movimento. Colorato e leggero, si sposta con facilità ed è perfetto per ambienti di lavoro e spazi educational. La seduta, disponibile fissa o girevole, poggia su una struttura solida che integra una pratica basket base portaoggetti. Grazie alle dimensioni contenute, si ripone facilmente, pronto a essere usato quando serve.

EN - Round&Roll is a compact and versatile stool, specifically designed to be moved around. Brightly coloured and lightweight, it is easy to manoeuvre making it perfect for workplaces and classrooms. The seat, in either a fixed or swivel version, rests on a sturdy frame that includes a convenient storage "basket" at its base. Its compact size means it can be easily stored, ready to be used when needed.

INTUITION

[172]

FLIP

[STOOL]

Design: BrogliatoTraverso

[2024]

IT - Un segno leggero, come tracciato a matita, disegna la struttura di Flip: un tubo d'acciaio che si avvolge con disinvoltura attorno al traverso, sorreggendo una seduta ergonomica e delicata. In polipropilene o tappezzata per un comfort ancora maggiore, gioca con abbinamenti tono su tono o a contrasto. Versatile e raffinato, questo sgabello trova posto in caffè, ristoranti, uffici e spazi pubblici.

EN - A subtle pencil-like line traces the structure of Flip: a steel tube that wraps effortlessly around the crosspiece, supporting an ergonomic and delicately-shaped seat. Available in polypropylene or upholstered for even greater comfort, it can be combined in tone-on-tone or contrasting colours. Versatile and elegant, this stool adapts to cafés, restaurants, offices and public spaces.

SIMPLI-CITY

[180]

KLEJN

[STOOL]

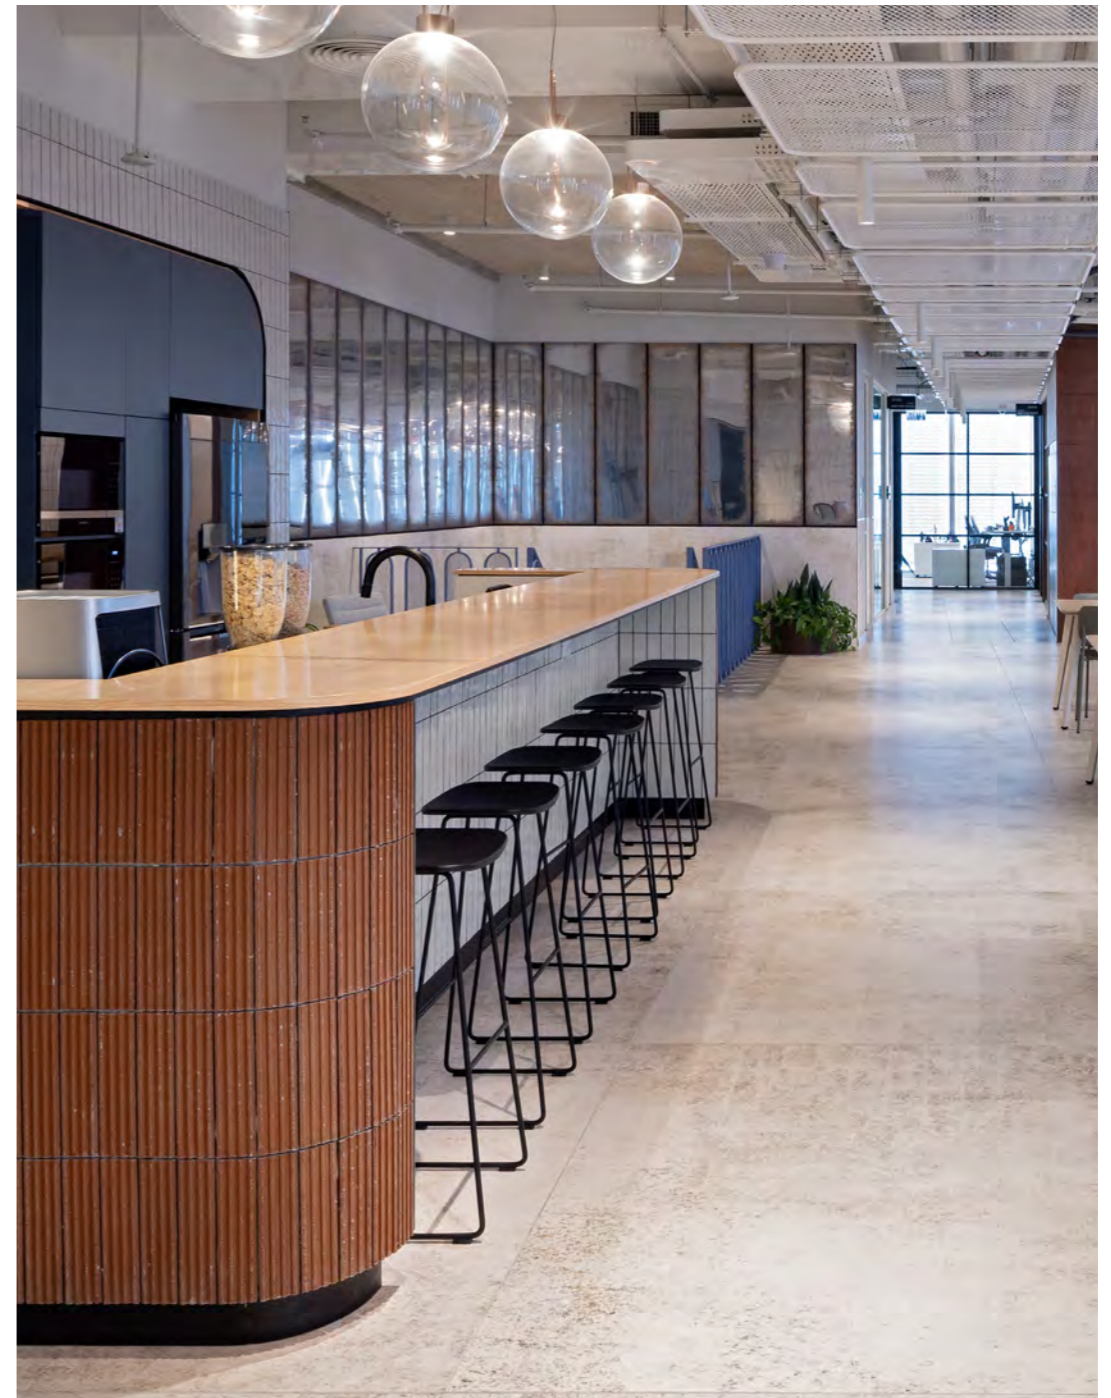

Design: Thomas Pedersen

IT - Klejn è uno sgabello leggero e versatile, ispirato alle strutture industriali reinterpretate con stile. La silhouette in tondino d'acciaio, sottile ma solida, accoglie una seduta in plastica o legno, anche nella versione tappezzata per un comfort maggiore. Disponibile in tre altezze e diverse finiture, si abbina con disinvoltura a qualsiasi ambiente, aggiungendo colore o un tocco raffinato. Pratico e maneggevole, si sposta con facilità, adattandosi a ogni necessità.

EN - Inspired by industrial structures, Klejn is a lightweight and versatile stool with a stylish twist. The frame, made of thin but solid steel rods, supports a plastic or wood seat, available also in a padded version for greater comfort. Available in three heights and different finishes, it blends in effortlessly with any environment, adding colour or a touch of refinement. Practical and easy to handle, it can be repositioned with ease, adapting to every need.

SMOOTHNESS

FLINK

[STOOL]

Design: Thomas Pedersen

IT - Flink si ispira ai ciottoli levigati dal tempo, con forme morbide che invitano al comfort. La base rotonda in acciaio e il supporto in alluminio garantiscono stabilità, mentre la seduta, in legno o rivestita in tessuto, dà calore allo spazio. Nella versione alta, il poggiatesta offre un supporto discreto ma essenziale, mentre la variante Low, più compatta, è una soluzione intelligente per ottimizzare lo spazio.

EN - The inspiration for Flink can be found in pebbles smoothed by the passage of time resulting in the gently rounded shapes designed for comfort. The round steel base and aluminium support give it stability, while the wood or fabric seat helps to create a warm environment. For the kitchen and bar stool versions, the footrest discretely but effectively provides support, while the more compact low stool version offers a clever space-saving solution.

SCULP- TURALI- TY

[224]

KRAM

[LOUNGE CHAIR]

Design: Thomas Pedersen

IT - Kram è un'icona di eleganza scultorea, una poltrona lounge che cattura lo sguardo con le sue curve avvolgenti ispirate a una conchiglia aperta. La struttura a tre gambe in acciaio esalta il calore del legno venato, creando un equilibrio tra leggerezza e presenza scenica. Disponibile anche imbottita, trasforma ogni sala d'attesa o lobby in uno spazio di puro design.

EN - Kram is an iconic example of sculptural elegance: a lounge chair that catches the eye with its enveloping curves inspired by an open seashell. The three-legged steel frame sets off the natural warmth of the veined wood, creating a balance between lightness and visual impact. Also available upholstered, it transforms any waiting room or lobby into an area of pure design.

EMBRACE

WAFFLE ONE [LOUNGE CHAIR]

Design: Favaretto&Partners

IT - Waffle One è un angolo di benessere dall'eleganza discreta, una poltroncina che accoglie e avvolge come un abbraccio. Il suo design modulare, che si esplicita al meglio nella versione Endless, permette di creare composizioni armoniose, mentre dettagli come il tavolino da bracciolo con gancio portaborse ed elettrificazione sotto seduta la rendono perfetta per uffici, hotel e spazi condivisi.

EN - Waffle One is a discreetly elegant oasis of well-being, a small armchair that envelops and embraces you, like a warm hug. Its modular design, at its best in the Endless version, is perfect for creating harmonious arrangements, while details such as the armrest table with bag hook and power sockets under the seat make it ideal for offices, hotels and communal areas.

ARCHI- TECTURE

[248]

MUSEUM

[BENCH]

Design: Giulio Lazzotti

IT - Museum si compone di forme leggere e linee sinuose; è una panca minimal e raffinata, che travalica le mode. Disponibile in tre dimensioni, si adatta con naturalezza agli spazi, senza bisogno di agganci. La finitura in rovere ne esalta la matericità, mentre la versione singola diventa un coffee table o uno sgabello, trasformando ogni stanza con eleganza discreta.

EN - Museum features light shapes and sinuous lines; it is a minimal and refined bench that transcends the bounds of fashion. Available in three sizes, it fits naturally into any space, with no need for connectors. The oak finish accentuates its tactile qualities, while the single unit can be used as a coffee table or a stool, adding a discreet touch of elegance to any room.

RECORD

[TABLE]

Design: mc.Dsg

IT - Record è una collezione di tavoli che si basa su linee pulite e dettagli studiati, come le gambe che si incastrano senza viti visibili. La versione Living, con il suo profilo ovale, esalta l'eleganza della collezione, mentre Record Meeting offre ampie superfici di lavoro, con opzione di elettrificazione. Per il settore horeca, Record Contract si declina in due altezze e numerose combinazioni di piani, perfetto per qualsiasi progetto di interior.

EN - Record is a collection of tables featuring clean lines and meticulous details, such as legs that slot together with no visible screws. The Record Living table, with its oval shape, shows off the elegance of the collection, while the Record Meeting table offers large work surfaces, with the option of adding power sockets. For the Ho.Re.Ca. sector, the Record Contract table is available in two heights and numerous top combinations, making it ideal for any interior design project.

COMPO- SITION

[274]

RIM

[TABLE]

Design: Cory Grosser

IT - Ispirati agli iconici occhiali tondi di Le Corbusier e Philip Johnson, i tavolini RIM giocano con geometrie ideali e proporzioni perfette. Il piano circolare in HPL e la struttura tubolare in metallo danno vita a un design riconoscibile, capace di trasformarsi attraverso composizioni dinamiche e accostamenti cromatici. Disponibili in diverse dimensioni e altezze, si inseriscono con facilità in lounge, spazi horeca e sale d'attesa, mentre la versione di servizio si abbina perfettamente a divani e aree relax.

EN - Inspired by the iconic round glasses of Le Corbusier and Philip Johnson, the RIM coffee tables experiment with ideal geometric shapes and perfect proportions. Together, the circular HPL top and tubular metal structure create a distinctive design that can be transformed into ever-changing combinations of shapes and colours. Available in different sizes and heights, they can easily be placed in lounges, hospitality areas and waiting rooms, while the coffee table version is the perfect accompaniment for sofas and relaxation areas.

FELUCA

[TABLE]

Design: BrogliatoTraverso

IT - Il segno distintivo diventa struttura: la base ellittica di Feluca Table richiama il telaio dell'omonima sedia, dando vita a una collezione di tavolini per il mondo horeca. Disponibili in due altezze e con basi fisse o reclinabili, si abbinano a una varietà di piani per creare combinazioni sempre nuove. Leggeri, versatili e perfettamente armonici, portano ovunque il tratto inconfondibile di Feluca.

EN - Its signature element evolves into its structure: the elliptical base of the Feluca Table calls to mind the frame of the chair with the same name, leading to the creation of a collection of occasional tables for the Ho.Re.Ca sector. Available in two heights and with fixed or reclining bases, the tables can be combined with a variety of tops to create ever-changing combinations. Light, versatile and perfectly proportioned, they convey the unmistakable Feluca flair everywhere.

BA- LANCCE

FLINK [TABLE]

Design: Thomas Pedersen

IT - Dalla purezza delle forme di Flink nasce un tavolino statuario, perfetto per il mondo della ristorazione. La solida base rotonda richiama l'omonimo sgabello, ottimizzando lo spazio e accogliendo con naturalezza più persone. Realizzato in acciaio verniciato, è disponibile in due altezze e in finitura per esterni, adattandosi con equilibrio e discrezione a ogni contesto.

EN - Inspired by the purity of Flink's shapes, a statuesque table is born, perfect for the restaurant world. The solid round base is reminiscent of the stool with the same name, optimising space and comfortably accommodating several people. Made of painted steel, it is available in two heights and with an outdoor finish, blending harmoniously and discreetly into any setting.
